Paying with a credit card - Helpful hints for a smoother online check-out

We are using PayPal as our payment processor. 95% of payment failures happen because the email or credit card was previously associated with a PayPal account.

If you are having trouble paying your membership dues online:

1. **Try the gold "Pay with PayPal" button** instead of the card checkout option.
2. **If you see "Something went wrong"** - click "Try Again" and retry in the new dialog window.
3. **Card issues?** Your email or credit card may be linked to an old PayPal account. If so, you'll need to log into that PayPal account to pay (Forgot password? Use PayPal's password reset.)
4. **Blue "CONTINUE" button not working?** Refresh the page, then use the gold "Pay with PayPal" button and scroll down to select "Pay with Debit or Credit Card".
