

Deux vérités et un mensonge

Notre brise-glace pour le 6 octobre

We are asking that you prepare in advance for our workshop icebreaker. Please write 3 statements about yourself, two of which are true and one which is an untruth (lie!). You will be taking turns on October 6th reading your 3 statements. Each of us will try to determine which statement of yours is a falsehood.

Exemple: Céline Dion might say :

1. Je suis canadienne.
2. J'ai 39 ans.
3. J'ai trois enfants.

If you were in Céline Dion's breakout room (une salle particulière), you might jot down #3 as the mensonge..... and you would be wrong! ☹ #2 is the mensonge. Elle a 52 ans!

Merci,

Phyllis et Diane
